## ED VOICE – From the Editor's Desk

Dear Readers!

Greetings once again from the editorial team of CMA Digest!

The month of August is the cusp of two zodiac signs – Leo and Virgo. Leos have natural leadership traits, whereas Virgos tend to be the thinkers of the world. Any company that boasts of people with these qualities can reach the top in their domain. Although we live in a world driven by technology, especially Artificial Intelligence, these human qualities will always remain an integral part of any successful organisation.

This month saw the conduct of an interesting event ***“Pioneering Women: Breaking Barriers”***, a joint event hosted by CMA. The details are highlighted in this issue.

We hope to add more and more value-added articles of relevance to our newsletter, and as usual, we request you to mail in interesting write-ups to bring in more meaning and purpose to our endeavours.
